Question 1

A) Read one of the following articles:

Bella, F. Can driving simulators contribute to solving critical issues in geometric design? Transportation Research Record 2138, 2009, pp. 120-126.

Prepare a ½-page to 1-page summary of the paper.
B) Briefly describe which highway design elements would benefit from using three dimensional models. You can provide examples.

Please include in references used for answering the questions. Be prepared to discuss your answers in class.
